DISCLAIMER: This is a good faith ESTIMATE. Every student learns differently, consistency may vary, weather and availability may vary, and therefore, quoted flight rental times, flight instruction times & ground instruction times may vary. Thus, the above range is only an estimate and may vary further from above listed ranges. Quoted rental and instruction prices are current as March AFS reserves the right to adjust rental and/or instruction prices as fuel prices change, aircraft upgrades are accomplished, and/or operating expenses change. Flight Training costs are based on the average number of hours it takes a student to complete the course and may vary from student to student according to their capability and motivation.
